DECLARATION

To the Commissioner of Patents and Trademarks:

THE JOHNS HOPKINS UNIVERSITY, a corporation of the State of Maryland, located at Baltimore, Maryland, (hereinafter "Applicant") declares as follows:

(1) That Applicant is the assignee of the entire right, title and interest in United States Patent No. 4,284,647 issued August 18, 1981 (hereinafter the "Patent") by reason of an assignment recorded in the United States Patent and Trademark Office on June 17, 1980 at Reel 3770, Frames 773-775, and a corrected assignment to Applicant recorded June 16, 1981 at Reel 3863, Frame 142-143.

(2) That KENDALL-McGAW Laboratories, Inc., of Santa Ana, California (hereinafter "Kendall-McGaw") has been authorized by Applicant to, inter alia, utilize and authorize others to utilize the process invention claimed in the Patent and to file for and obtain FDA approval for such use.

(3) That submitted herewith is an Application for Extension of Patent Term Under 35 U.S.C. §156 of the Patent (hereinafter referred to as the "Application") requesting a two year extension of the term of the Patent.

(4) That Applicant has reviewed and understands the contents of the Application being submitted pursuant to 37 C.F.R. § 1.740.

(5) That Applicant believes the patent is subject to extension pursuant to 37 C.F.R. Section 1.710.

(6) That Applicant believes an extension of two years as requested in the Application is justified under 35 U.S.C. 156 and the applicable regulations; and

(7) That Applicant believes the patent for which the extension is being sought meets the conditions for extension of the term of a patent as set forth in 37 C.F.R. Section 1.720.

Applicant declares further that all statements made herein of its own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of United States patent 4,284,647, issued August 18, 1981, and any extensions thereof.
